

Be a part of Accent Pontiac's

Adopt-an-Instrument Program

Accent Pontiac's Adopt-an-Instrument Program allows us to purchase instruments we would not be otherwise able to afford.

*As our student musicians grow musically,
they need high-quality instruments
to continue their music education.*

These high-end instruments are expensive. Because of special donors like you who genuinely care about our young musicians, our students are able to continue with instruction that matches their growing musical abilities. These donations will be restricted specifically for the chosen instrument and will not be spent any other way. Adopt-an-Instrument also has a separate repair fund that's used to fix damaged instruments.

**Please consider joining the
Adopt-an-Instrument Program today!**
